Professional Summary

- Final-year Computer Science student with a strong foundation in programming languages, webdevelopment, and leadership skills.
- Currently expanding skills in full-stack Desktop Application with the MERN stack.

Skills

- | | |
|--|--|
| • Programming Language <ul style="list-style-type: none">◦ Java | • Professionalism <ul style="list-style-type: none">◦ Communication |
| • Web Development <ul style="list-style-type: none">◦ HTML/CSS/JS◦ MERN Stack | • Team Work |
| • Data Structures & Algorithms | • Version Control <ul style="list-style-type: none">◦ Git◦ GitHub |

Certifications

- Software Engineering by NPTEL (IIT Kharagpur)
- Data Analytics with python by NPTEL (IIT Kharagpur)
- React and Redux certification test by KG coding

Projects

"Sync Insights" - Final Year Project

- Enhanced decision making processes by providing insights
- Industry Integration Information System using MERN Stack
- Real-time seamless dataflow in the industry

"StackoverFlow" – Backend Project

- Developed a StackOverflow clone backend using MongoDB, Express, and Node.js, implementing features like user authentication and question-answer functionality.
- Designed RESTful APIs to handle dynamic data storage, retrieval, and updates efficiently.
- Focused on scalability and optimized database queries to enhance performance.

"Expense Tracker"

- Designed a full-stack application allowing users to register, create, edit, and delete expenses.
- Built a Node.js/Express backend with MongoDB for efficient data storage and retrieval, ensuring 99% uptime

Experience

Placement Coordinator, Training & Placement Cell, Parul University

- Conducted placement drives.
- Worked in a team of 30 individuals, contributing in all the placement-related activities.

Languages

- English
- Gujarati
- Hindi
